HERE IS YOUR REMEDY!

HOLLOWAY'S OINTMENT.

A MOST MIRACULOUS CURE OF BAD LEGS AFTER 43 YEARS' SUFFERING

a Letter from Mr William Galphin, of 70, St Mary's Street, Weymouth, dated May 15th, 185

To Professor Holloway,

SIR—At the age of 18 my wife (who is now 61) caught a violent cold, which settled in her legs and ever since that time they have been more or less sore and greatly inflamed. Her agonies were distracting and for months together she was deprived entirely of rest and sleep. Every remedy that medical men advised was tried, but without effect; her health suffered severely, and the state of her legs was terrible. I had often read your advertisements, and advised her to try your Pills and Ointment, and, as a last resource, after every other remedy had proved useless, she consented to do so. She commenced six weeks ago, and strange to relate is now in good health. Her legs are painless, without seam or scar, and her sleep undisturbed. Could you have witnessed the sufferings of my wife during the last 43 years, and contrast them with her present enjoyment of health, you would indeed feel delighted in having been the means of so greatly alleviating the sufferings of a fellow creature.

(Signed) WILLIAM GALPIN

A PERSON 70 YEARS OF AGE CURED OF A BAD LEG OF THIRTY YEARS' STANDING

Copy of a letter from Mr Wm Abbs, Builder of Gas Ovens, of Rushcliffe, near Huddersfield, dated May 31

To Professor Holloway

SIR—I suffered for a period of thirty years from a bad leg, the result of two or three different accidents at Gas Works, accompanied by scorbutic symptoms. I had recourse to a variety of medical advice without deriving any benefit, and was even told that the leg must be amputated, yet in opposition to that opinion, your Pills and Ointment have effected a complete cure in so short a time, that few who had not witnessed it would credit the fact. (Signed) WILLIAM ABBS

The truth of this statement can be verified by Mr W P England, Chemist, 13, Market street, Huddersfield

A DREADFUL BAD BREAST CURED IN ONE MONTH

Extract of a letter from Mr Frederick Turner, of Penshurst, Kent dated December 13th, 1850

To Professor Holloway

DEAR SIR—My wife had suffered from bad Breasts for more than six months and during the whole period had the best medical attendance but all to no use. Having before healed an awful wound in my own leg by your unrivalled medicine I determined again to use your Pills and Ointment and therefore gave them a trial in her case, and fortunate it was I did so for in less than a month a perfect cure was effected and the benefit that various other branches of my family have derived from their use is really astonishing. I now strongly recommend them to all my friends

(Signed) FREDERICK TURNER

The following certificate from Dr John C Warren of Boston, was given 16 years since, but will last forever.

Boston, January 7, 1835

Having had occasion to observe that some persons afflicted with Hernia have suffered much from the want of a skillful workman in accommodating Trusses to the peculiarities of their cases, I have taken pains to inform myself of the competency of Mr J F Foster to supply the deficiency occasioned by the death of Mr Beath. After some months of observation of his work I am well satisfied that Mr Foster is well acquainted with the manufacture of these instruments, and ingenious in accommodating them to the variety of cases which occur. I feel called upon to recommend him to my professional brethren, and to the public as a person well fitted to supply their wants in regard to those important articles

JOHN C WARREN, M D, Boston

CERTIFICATE. The following certificate is from Professor Stuart, of Andover Theological Seminary

The undersigned having occasion to employ Mr J Frederick Foster, of Boston, in making and fitting Trusses for the relief of Hernia, takes great pleasure in recommending him to the favorable notice of such persons as may be afflicted with that and similar complaints. Mr Foster's success in the manufacture, and adapting them to the body giving ease and comfort to the wearer surpass (as far as our experience goes,) any other manufacturer of the article

The numerous testimonials which he has received, together with the recommendations of that eminent surgeon, Dr J C Warren, is a sufficient guarantee for all who may favor Mr F that his instruments will give entire satisfaction and he will satisfy all reasonable demands for an equitable compensation.

The People's Medicine!

—oo—

DR. LANGLEY'S

Sarsaparilla, Yellow Dock, Wild Cherry, Prickly Ash, Dandelion, Thoroughwort, and Rhubarb

ROOT and HERB BITTERS!

The greatest Medicine in the world for the least money.

"Buy me and I'll do you good."

—oxo—

THIS invaluable compound has now been before the public three years, during which time nearly *Three Hundred Thousand Bottles* have been used thus proving it the most popular Medicine of the age. No poisonous drugs or minerals, such as Opium, Antimony, or Mercury, under any of their hydra headed, kill-all forms, compose any part of these Bitters. The medicinal virtues of the best Roots, Herbs, and Barks in the world are so compounded as to act in concert with nature. They cure and eradicate from the system Liver Complaint—that main wheel of so many diseases.—Jaundice, Bile, Dyspepsia Costiveness, Humors of the Blood and Skin, Indigestion, Nervous Headache, Piles, General Debility and the host of kindred diseases arising from a disordered stomach or bad humory blood. On the approach of warm weather most persons are troubled with Languor, Drowsiness and general lassitude of the system. This if neglected leads to Jaundice, loss of Appetite, Indigestion, Debility and decline. Langley's Bitters are just the thing to obviate all difficulties of the kind. They regulate the bowels, stimulate the circulation, purify the blood and by a constant use keep off diseases so common in Spring and summer. Coughs and Colds are by its use broken up and cured at once. In short, this medicine is safe for all ages and conditions and in all climates. It always does good, and never does hurt. No lying certificates, no flaming handbills or costly wrappers are used to puff it into notice. All who try them will say, as more than 200,000 persons can testify, that one Bottle will do them more good than forty Latin prescriptions of poisonous drugs by which so many persons are annually killed.

The effect of this medicine upon the system is most wonderful—Its healing cleansing and purifying qualities operate with magic-like power upon all classes of diseases for which they are recommended. 'All who use them like them, because they ARE what they PROFESS to be.'

Sold in Bangor, Oldtown, Orono, Brewer, Hampden and Frankfort, and by all dealers in Medicines in Bangor. Ingraham & Fuller, and Guild & Harlow Wholesale Agents to the trade, to sell again. 97 Union street Boston, is the Wholesale Depot.

Wilbor's Compound of

PURE COD LIVER OIL AND LIME.

A CURE FOR CONSUMPTION, COUGHS, COLDS, ASTHMA, BRONCHITIS, GENERAL DEBILITY, AND ALL SCROFULOUS HUMORS.

THE Proprietor has succeeded (from directions of Professor Stone) in combining the Oil and Lime so perfectly that the taste of the Oil, which is so nauseous to persons generally, is entirely overcome, and it can be taken by the most delicate females with pleasure. As a regards the benefit of this article over the common Oil, the following case, by Prof Stone, is sufficient to convince the most skeptical. The young lady was twenty four years of age.

"Her disease was one of unmixed phthisis, which had been expected to terminate in the course of a few months, fatally. The upper part of both lungs were filled with tubercles, and in some places were beginning to soften. The case was evidently a bad one. The treatment of Cod Liver Oil was at first used, but without marked improvement. The Phosphate of Lime was then administered with the oil, and the result, as in the case of many others, was soon apparent. The patient was rapidly getting well."

CAUTION.—On account of the great reputation of this Compound for all the complaints, the subscriber would caution the afflicted against using any except that manufactured by him, as he has the only recipe in the United States for combining the pure Oil with lime in a proper manner. Therefore as you value your health purchase none except that manufactured by

AN ORDINANCE

Providing for the Regulation of the port of Bangor

SEC 1—Be it ordained by the Mayor, Aldermen, and Common Council of the City of Bangor in City Council assembled. That there shall be annually chosen by the City Council a suitable person as Harbor Master who shall have the care and regulation of said port or Harbor, and of vessels and rafts therein.

SEC. 2—Be it further ordained, That the Harbor Master shall provide himself with a card upon which shall be printed the rules and regulations of said Port, a copy of which shall be delivered to the proper officer of each vessel and steamer of not less than fifty tons burthen, entering said Port

SEC 3—Be it further ordained, That the Harbor Master shall, as soon as practicable after the arrival of any vessel or steamer in Port board her for the purpose of exhibiting the regulations of the port, receiving his fees and directing said vessel where to lay if necessary. He shall keep a book in which he shall, each day, enter the names of all vessels arriving to and departing from said port, and the names of the masters thereof and the tonnage of each of said vessels, and from what port said vessels sailed or to what port they may be bound, and their cargoes of imports and exports as accurately as may be ascertained, which said book at the end of the year, shall be delivered to the City Clerk for safe keeping. He shall also keep, near the Ferry way or the City Point, an office open during business hours from the fifteenth day of April to the first day of December. He shall also keep a boat suitable for boarding vessels in the river.

SEC 4—Be it further ordained, That no vessel, steamboat or raft shall be allowed to anchor or lay in the main channel of the river between the Bangor Bridge and the north line of Hampden, so as to obstruct the free passage of vessels boats or rafts up or down the river

SEC 5—Be it further ordained, That no vessel boat or raft, shall be allowed to anchor or lay between the mouth of the Kenduskeag stream and the Kenduskeag Bridge in such a manner as to obstruct the free passage of vessels, boats and rafts up and down said stream

SEC 6—Be it further ordained That no vessel, boat or raft shall anchor or lay in the usual track of the Ferry Boats between Bangor and Brewer, or in such a manner as to obstruct their passage, nor in such a manner as to obstruct the free passage of steamboats by their usual track to and from their usual wharfs

SEC 7—Be it further ordained, That if any owner or owners or master of any vessel, or any other person shall cast or throw or cause or suffer to be cast or thrown from their vessels or from any other place any stone, sand, or other ballast or any other thing into the channel of said river or stream whereby the navigation of the same may be injured he or they shall forfeit and pay for each offence a sum not less than five nor more than twenty dollars

SEC 8—Be it further ordained That if any person or persons shall cast or throw or cause or suffer to be cast or thrown from any wharf or dock in said port of Bangor into the water of said river or stream, any stone, sand cinders, or any other thing which may decrease the depth of water at said wharf or dock, he or they shall forfeit and pay for each offence a sum not less than five nor more than twenty dollars

SEC 9—Be it further ordained, That vessels shall not lay more than one tier deep from City Point to the Bangor Bridge

SEC 10—Be it further ordained That the Harbor Master is hereby authorized and it shall be his duty to remove or cause to be removed any vessel or boat from any wharf in said port at the request and direction of the owner of said wharf, and if any vessel, boat or raft shall anchor or lie contrary to any of the regulations in any of the preceding sections, said Harbor Master shall forthwith give notice to the owner or master thereof or the person having the care of the same, to remove the same and if the said notice be not complied with without delay the Harbor Master shall make or cause said removal at the expense of said vessel, boat or raft

SEC 11—Be it further ordained, That the master or owner or owners of any vessel, boat or raft, or any other person who shall violate any of the provisions of this ordinance shall forfeit for each offence forfeit and pay a sum of not less than five dollars nor more than twenty dollars and it shall be the duty of the Harbor Master immediately upon the violation of any of said provisions to cause the person or persons offending to be prosecuted for the penalty or penalties thereby incurred

SEC 12—Be it further ordained That the Harbor Master shall be entitled to receive from each vessel and steamer of not less than fifty tons burthen, arriving in said port of Bangor a fee of one dollar—Provided, however that no fee shall be required of any vessel or steamer more than once during the season of open navigation in said port

SEC 13—Be it further ordained, That any ordinance of said city inconsistent with the provisions of this ordinance be and the same is hereby repealed

SEC 14—Be it further ordained That the Harbor Master, before entering upon his duties shall give bond to the city in the penal sum of three hundred dollars conditioned for the faithful discharge of his duties

SEC 15—Be it further ordained, That the Harbor Master shall return to the City Clerk in the month of January, in each year, an account of all monies received from vessels entering this port, as fees. [Passed April 11, 1853]

Self Acquired Fame!

DR. JOHNSON'S

AMERICAN ANODYNE LINIMENT.

For Internal and External Use.

THIS wonderful Medicine notwithstanding it has never had the advantage of newspaper publicity, has yet acquired a higher and more extended popularity than any other similar compound in the world. It is entirely of vegetable extract, perfectly safe to be administered even to the most delicate child and alike astonishing and satisfactory in its effects upon man or beast. To those unacquainted with this invaluable medicine we say, Give it a fair trial, and we promise you a radical cure of Coughs Colds Asthma Bronchitis Whooping Cough Influenza, Spitting of Blood and all Lung Complaints, Chronic Diarrhœa, and Dysentery in all of which cases it should be used internally. The effects of its external application in cases of Rheumatism, Spinal Diseases, Sprains, Chapped Hands, Bruises, Burns, and all descriptions of wounds are magical. Persons troubled with Cramp in the Stomach Side or Bowels, Sore Throat, Piles, &c, by a combined internal and external application of this Anodyne, cannot fail of certain and speedy cure. The proprietor can produce volumes of testimonials in its favor, but prefers to let it carry its own recommendations as it has done for forty years past. We ask no man to use it after an unsatisfactory trial. In its composition it unites several of the most penetrating and healing specifics known to the materia medica.—The inventor of this article was in the constant and successful practice of medicine for more than twenty years.

This is to certify that having been troubled for a number of years with a distressing cough and bleeding at the lungs and receiving no benefit from medical aid, in 1848 I was to all appearance in the last stage of consumption. My legs swelled so that I was unable to stand or help myself. At that time your Liniment was providentially recommended to me and by the use of three or four bottles I was entirely cured, and have since been able to labor every day. I have been for the last twenty years been subject to severe attacks of bloody dysentery, and never found any permanent relief until I took your Liniment, since which I have had no return of this complaint. I can truly say I think your Anodyne Liniment was the means of saving my life. JOHN F ATKINS

Brewer, Sept 30, 1852.

Dr. Johnson: Dear Sir—In consequence of having a fever sore on my leg it became entirely stiff at the knee, and it was decided by the best surgeons that my leg must be amputated—but fortunately I heard of your Anodyne Liniment and by using five bottles my leg was limbered and strengthened and for a number of years I have been able to use it as well as the other. I consider myself indebted to the use of your Liniment for the [illegible] [illegible] and would [illegible] [illegible] may need help in this way try it, and no doubt you will be cured.

[illegible] Chronicle.

The New York and Erie Railroad.

To the Editor of the Whig and Courier,

You are doubtless aware, with many of your readers, that this is the longest railroad in the United States, and probably in the whole world, and it has been justly called the father of railroads. It would not, I trust, be uninteresting to your numerous readers to know something of the management of this road, as you are soon to have one in your own good city.

The terminus of the road was, until less than a year ago, at Piermont, on the Hudson River, from which place the passengers were transported to, and from New York by steamers belonging to the Company. By an arrangement, which has ended in the purchase of the Patterson road, the passenger trains, now run directly to Jersey City, from whence the passengers cross the river to the city, by the N. Y. & E. R. R. Ferry. By this arrangement the road, which was formerly four hundred and forty four, is now four hundred and sixty miles long.

There is probably no road in the United States, doing the same amount of, or two-thirds as much business, that is so ably managed, and so safe as this. The officers, all of which are men of known skill and ability, leave nothing undone that can, in any way, promote the interest of the road, its stock-holders, employees, and passengers. The country through which the road runs, is but thinly settled, and most of the towns and villages, were unknown before its completion, and the old established ones have increased to nearly double their former size and importance, thus showing, that, in a new country, there is nothing like railroads to build it up.

There is probably no road that passes through such a mountainous and hilly country, as this, and consequently the innumerable curves in the track cannot be avoided. The track, which is of the wide guage, is as firmly laid, and as safely guarded, by day and night watchmen, as any road over which we have travelled.

The road is divided into four divisions, and two branches—the Newburgh Branch, and the Canandaigua and Elmira road—the former connecting at Chester, on the Eastern division, and the latter at Elmira, on the Susquehannah division.

The Eastern division commences at Piermont, and extends to Delaware, (Port Lewis) a distance of seventy-four miles, from which station, commences the Delaware Division, which extends to Susquehanna station, (Lanesboro') a distance of one hundred and four miles—at which station the Susquehanna Division commences—including in its route the most important and beautiful cities and villages on the road, among which are Oswego, Binghampton, Elmira, and Corning. This division extends to Hornellesville (a new village) a distance of one hundred and forty seven miles. From this station, commences the Western Division, which passes through the most unsettled part of the country on the line of the road to Dunkirk, on Lake Erie, a distance of one hundred and twenty-nine miles. At this station, which is the terminus of the road, it connects with the lake steamers for Buffalo, Erie, Detroit, Chicago, Cleveland, Toledo, and all Western ports,—it also connects with the State Line Railroad, and the shore road to Cleveland and Cincinnati.

For each of the above divisions, and branches, there is, in addition to the general Superintendent of the road, a Division Superintendent, and an Assistant Division Superintendent, whose duty it is to govern, and look after the interest of their respective divisions, and attend to the running of trains by telegraph. At the terminus of each division, new engines and engineers, Conductors and brakemen, are taken, both on passenger, and freight trains, the baggage masters, and Mail agents, only, going the whole length of the road. There are not, upon this road, as upon most others, a large number of drinking, and eating saloons, as the officers have very wisely excluded drinking saloons on the entire length of the road, but have established, at suitable distances, for breakfast, dinner and tea, a sufficient number of regular eating saloons, where the passengers can dine without being in continual fear of "the trains starting." The employees of the road, are also prohibited from using intoxicating liquor, while on duty, a safeguard, the importance of which, all can appreciate.

The regular trains of the road, are a Day Express, a Mail train, a Night Express, and way-passenger train. These trains running East, and West, daily, form the whole number of passenger trains on the regular line of the road.

There are also four regular freight trains, daily, No. 1 and 3 running West, and No 2 and 4 running East, each of which, generally have from one to six extra trains following them, and included in their number, and each train composed of from fourteen to thirty cars. In case of a delay of *one* of these trains, the others would also be delayed, were it not for a valuable provision which the company have made for such emergencies, in the erection of their telegraph line.

Extending the entire length of the road, and divided equally with it, into divisions, is the N. Y. & E. R. R. Telegraph line, owned, and used *exclusively* by the company, for their own business matters and the running of trains by telegraph. There are upon this line, over sixty offices, there being one at nearly every station, thus employing over seventy-five operators, many of which are ranked among the most prompt and skillful telegraphists of this country. The line is in operation day and night, and consequently there is no line in the United States, that works more hours, or does a larger amount of, or more *important* business, than this. For instance, in running a train by telegraph, if the operator should make the slightest mistake, it might bring them into a collision, consequently, the best, and most careful operators are required.

Of running trains by telegraph, you are probably ignorant, and consequently, I will try to enlighten you upon the *modus operandi*. We will suppose that the Day express coming east is one or two hours late, in consequence of which, the Day express going West, would be obliged to lay at the station at which they should pass, until they arrived, thus making two trains late instead of one, and creating dissatisfaction among the passengers, as the long delay; but by the use of the telegraph, this is remedied, as follows:—

The Conductor of the train bound west, goes into the telegraph office and sends a message to the Div Supt, informing him that the train bound east, is so many hours later, and that he is waiting orders. To this message the Supt. will reply by giving him instructions to run to ——— station to meet and pass Day express, bound east, after which he finds out the whereabouts of the trains bound east, which is later, and gives them orders to run to the same station, and meet, and pass, Day express bound west, running five minutes behind their time, per time table, for safety, thus by the use of the telegraph, delays of from one to three hours, and oftentime to freight trains, delays of ten or fifteen hours, are obviated.

This with the immense freight and passenger business of the road creates enough business to keep the line busy nearly every moment of the day.

Trains when on time, are reported to all stations, by particular officers, but when running behind their time, they are reported by every station on the line, so that trains, moving each way, may keep informed of their whereabouts. That this road is destined to be the great channel for western emigration and transportation, we have not a single doubt, the great increase of the receipts of this, over the preceding years, shows with what rapid strides it is progressing, and building up, along the whole line, a local business, which, of itself, would nearly support the road, aside from its through travel.

The work of laying a second track is progressing rapidly and in a few years we shall see trains going on one, and coming on the other, carying Northern manufactures to, and bringing western produce, from the far west.

The Fisheries.

The Fishery bill introduced in the New-Brunswick Legislature is very stringent.

Authorized officers may go on board any vessel or boat within any harbor in this Province, or hovering within three marine miles of any coasts or harbors thereof, and stay on board so long as she may remain within such place or distance.

If such vessel or boat be bound elsewhere, and shall continue within such harbor, or so hovering for 24 hours after the master shall have been required to depart, any one of the officers or persons above mentioned, may bring such vessel or boat into port, and search her cargo, and also to examine the master upon oath, and if the master or person in command shall not truly answer the questions demanded of him in such examination, he shall forfeit £100, and if there be any prohibited goods on board, then such vessel or boat, and the cargo thereof, shall be forfeited.

If the vessel or boat shall be foreign, and not navigated according to the laws of Great Britain and Ireland, and shall be found fishing, or to have been fishing, or preparing to fish, within three marine miles of such coasts or harbors, such vessel or boat, and the cargo, shall be forfeited.

All goods, vessels, and boats, liable to forfeiture, may be seized and secured by any of such officers, or persons so appointed, and every person opposing them, or any one aiding such opposition, shall forfeit two hundred pounds.

As is usual in Revenue Laws, proof of illegality of seizure is to be thrown upon the owner or claimant, and even where he proves this, yet if the Judge shall certify that there was probably cause of seizure, the claimant shall not recover costs, and not more than two pence, beyond the value of the thing seized.

Trials to be had in all cases in the Supreme Court.

☞ The new steamer Daniel Webster will leave Portland, where she is now being fitted up by a Portland Upholsterer, in season to arrive in this city on Friday next to be examined by our citizens and suitably provisioned and put in full order for commencing her regular thrice-weekly trips between this city and Portland, connecting with the railroads for Boston and Lowell.

☞ As many persons who performed service in the City Police or Volunteer Force in the Border Troubles of 1839 have been apprehensive that Land Warrants would not be allowed for that service, we think proper to state that there can no longer be any doubt as to their rights, as we have been informed by Geo. B. Moody Esq. of this City that he has just received a Package of Warrants from Washington for Persons who were in this service only.

☞ The Siamese Twins are showing off in Boston to the wonder of the public and to their own profit. They are communicative, intelligent and cheerful.

This celebrated medicine skilfully composed as it is of the most healing balsams and penetrating oils, can never fail to cure almost every affection that could be alleviated by an external remedy. Its superiority over all other Liniments is proven by the miraculous cures it performs, and by the great and constantly increasing demand. There has been sold within the past year more than THREE MILLIONS OF BOTTLES, and there can be but few persons found who do not bestow upon it the highest praise for the rare virtues it possesses. Nothing perhaps since the creation of the world has been so successful as an external remedy for all nervous diseases, as this wonderful curative. When applied, it instantaneously diffuses itself through the whole system, soothing the irritated nerves, allaying the most intense pain, and creating a most delightful sensation. Read the following remarkable cure, which can be attested to by hundreds who were fully acquainted with the whole circumstance.

CHRONIC ENLARGEMENT OF THE TONSILS.

My daughter when six months old, was taken with a swelling in the tonsils, which grew larger and larger till when six years old she had great difficulty in swallowing her food. Every night watch was kept fearing she would suffocate. The best doctors attended her but could give no relief. I took her to the most eminent doctors in the East, they said there was no help for her but to outgrow it. With a sad heart I returned home with her, when she became so much worse that the doctors had to be called in again, they decided that the tonsils must be cut off, as the only means of giving relief. My wife would not consent to this, and she determined to try your Liniment, which gave relief the very first application, and by a continued use she entirely recovered. She is now ten years old and fleshy and healthy as could be desired. Your Liniment is also the best in use for sprains, bruises, cuts, burns, headache, etc., and it will remove the most severe pain in a few minutes. It also cured caked udder in my cow in a few days.

IMPORTANT TO ALL

WHO USE

Steam as a Motive Power,

AND DESIRE

Safety and Great Economy.

AN opportunity is now offered to all whom it may concern to secure the exclusive right of manufacturing using and vending, in States and Counties,

IRVING'S PATENT

Circulating Safety Steam Boiler,

For Stationary Engines Locomotives Marine Engines on River, Lake and Ocean Steamers, &c—The advantages of this Boiler over all others now in use are

1st—ENTIRE SAFETY FROM EXPLOSION being no more liable to explode than an open chaldron.

2—Less than ONE THIRD the amount of fuel is required to generate the steam obtained by other boilers of the same power.

3—The cost of construction is reduced ONE HALF.

4—They occupy but ONE THIRD the space of other boilers, and may be applied to any engine now in use.

5—The expense of Furnace Grates will be incalculably lessened by the small amount of fuel required and the manner of using it.

The Company GUARANTEE the reality of the above advantages. Their conclusions are based on PRACTICAL RESULTS many of these Boilers being now in use in and about this city. The inventor has but just succeeded, after years of application in bringing this valuable invention before the public. It stands alone and independent in its merits, and if it has the qualities claimed which are undeniable the public will at once acknowledge its superiority over any other motive power.

Terms of sale made known on application at the office of the "IRVING STEAM BOILER COMPANY" corner of Broadway and Park place, New York over the New Broadway Bank.

Circulars containing terms of sale &c will be forwarded by mail, if requested, address as above.

Bank Note Protection.

lan to prevent Fraud by the ration of Bank Notes from higher denominations.

es are divided into two classes.

s First embraces the denominations of three, four and five dollars. These are distinguished by strips at the right ends of the notes, posed of geometric lathe work, and running to the centre. The number of strips corresponding with the amounts of the notes. Thus a strip for one dollar, two strips for two dollars, and upon the centre of these strips a figure, readily seen, designates the denomination of each note. In this class of notes there borders on the left ends—which are occupied by vignettes and other work. The President's name will be placed under and near the strip work on all notes of this class, and the Register, or some other name, above it, protecting the strip work from alteration—no being left for adding another strip, either above or below the signatures.

s SECOND, embraces the denominations of fifty, one hundred and five hundred dollars. these the whole arrangement is reversed. of lathe work, (different from those used other class of notes) commence at the left and run towards the centre, the vignettes and work being upon the right. On this class the er's name is placed under the strip work, and of the Register directly over it, their names being separated by one strip on a ten dollar note, by two on a twenty, three on a fifty, four on a hundred and by five strips upon a five hundred dollar note, presenting a perfect contrast between the two classes of notes.

Any person acquainted with the plan, could not be deceived by any alteration of any one of these notes in either class, from one denomination to another. The plan is a simple one, and is comprehended almost at a glance, from an examination of the notes, for although so many lines are required to describe it in words the pictorial description is very short, and easily understood and remembered. The inventor, JAMES ATWATER, Esq., of New Haven, Conn. has secured his invention by caveat entered at the Patent Office at Washington, and has made an arrangement with DANFORTH, WRIGHT & CO., exclusively, for its use upon Bank Notes.

sides the protection against the alteration of the denominations of Bank Notes afforded to banks and the public by this plan, a very great security against counterfeiting is also afforded, by the free use of the geometric lathe work, of which the borders are composed, and which cannot be successfully imitated, either with any other machine, or with the graver.

Choice Fruit Trees!
Ornamental Trees!
VINES and
SHRUBBERY!

J. W. CHAPMAN offers for sale at his NURSERY in the city of Bangor, a handsome variety and choice lot of Fruit, and Ornamental Trees, selected by an experienced person from the best nurseries in the country, and in reference to the climate and soil of Maine, among them all the choice varieties with many of the novelties of the times.

He would particularly call attention to a very fine assortment of DWARF PEAR TREES, on Anger's Quince stock, imported from the North of France, and which are very justly in great demand in New England, as they come immediately into bearing and are admirably adapted to garden culture where there is little room to spare.

Dwarf Apple Trees of the usual varieties of fruit, and which occupy but little space, and are very pretty and interesting.

The collection embracing most of the varieties of the PEAR, APPLE, CHERRY, PLUM, and other Fruits that are worthy of cultivation. Also, Quinces, Gooseberries, Currants, Raspberries, Strawberries, &c. Rose Trees, Honeysuckles, Grape Vines, Colossal Rhubarb, Victoria Early Rhubarb, both very fine, and far superior to the common sorts.

☞ All orders for Trees, Vines, &c not on hand will be immediately ordered from reliable parties and obtained by the earliest expresses.

GREEN HOUSE PLANTS

A choice selection of House Plants in fine order and of great vigor, the sweetest ornaments for the dwelling.

A fine lot of Buckthorn plants for Hedges, and much admired for inclosing lots at Mount Hope.

The people may be assured that every effort will be made this season to furnish to the extent of the demand, the best selections of trees which can be had in the country. The arrangements for his purpose are believed to be complete.

Nursery on Levant road, near the Beecroft garden.

BAXTER'S
Victory Shoulder Brace.

THIS is an entirely new, superior, and greatly improved article, which can be worn with or without the Suspender attachment. It is light and elastic, yet strong, and equally adapted to the wear of either sex, and so constructed as not to bind under the arm, which has been one serious objection to nearly all the Braces that have heretofore been used. It is constructed upon anatomical and physiological principles, and is highly approved of as being conducive to health and gracefulness of form, and is far superior to the old excruciating articles formerly worn as Braces, in regard to simplicity, durability and comfort.

Symmetry of figure is almost entirely overlooked and neglected by every class of people. A vast number of persons contract the habit, which creeps upon them in a most insidious manner, of stooping and allowing the weight of the shoulders to press forward upon the collar-bones, breast-bone, and ribs which materially contracts the chest, compresses the lungs, heart and stomach, the most vital organs of the human system and thus bring on some of the most *fatal diseases*, such as pulmonary consumption, heart disease, curvature of the spine, crooked and displaced shoulder blades, and that disagreeable sensation of sinking and goneness at the pit of the stomach, all of which might be prevented and the form kept in an erect position by wearing a well constructed and properly adjusted SHOULDER BRACE.

Dr. Baxter *would call particular attention to his* BRACE *and* BELT *for ladies*, it being light, elastic, and easily adjusted so as to support the weight of the under garments, and secure them in their proper position.

The VICTORY BRACE is for sale at G F. SARGENT'S, No. 8 Corner Smith's Block.

Safety Metallic Ladders For Buildings, and a perfect Lightning Rod Combined.

THE subscribers having the agency of a new invention, Washburn, Holland & Co's Patent Metallic Ladders and Lightning Conductor, for Bangor and vicinity, are now prepared to attach them to Factories, Dwelling Houses, and Buildings of every description, in the most thorough and workmanlike manner. These Ladders are strong and durable and with the improved Lightning Conductor attached, afford a most perfect protection from the ravages of fire, either from lightning without or accident within. They come recommended by a strong array of names of those who have given them a trial, among which is that of Prof. Silliman, of Yale College, which is good evidence that this is a good invention, and also forming a perfect lightning conductor. On the ground of economy they are just the thing, costing but 25 cents a foot without the rods, and 20cts with them, giving you a good permanent ladder, that is always on the back of your house, and of course not liable to be borrowed or lent. Those interested will please call and see them attached to a model of a building, and the manner of connecting the rods.

PATENTS.

American and Foreign Office

AGENCY FOR BUSINESS
WITH U. S. PATENT OFFICE,
WASHINGTON
No. 22 State Street, . . Boston.

IMPORTANT INFORMATION TO INVENTORS. The subscriber (late Agent of the U S Patent Office under the Act of 1837) determined to present advantages in applying for patents, superior to those offered inventors by others has made arrangements whereby on applications prepared and conducted by him, THIRTY DOLLARS [instead of *twenty*, as paid back by others] will be remitted by him in case of failure to obtain a patent and the withdrawal through him within thirty days after the rejection. Caveats, Specifications Assignments and all necessary papers and drawings for procuring patents in this and foreign countries prepared and advice rendered on legal and scientific matters respecting inventions, and infringements of patents

Inventors can not only here obtain their specifications on the most reasonable terms but can avail themselves of the experience of 20 years practice, an extensive library of legal and mechanical works and correct accounts of patents granted in this and other countries, besides being saved a journey to Washington the usual great delay there, as well as all personal trouble in obtaining their patents. Copies of claims of any patent furnished by remitting *one* dollar. Assignments recorded at Washington

R. H. EDDY,
Solicitor of Patents

"During the time I occupied the Office of Commissioner of Patents R H Eddy Esq of Boston did business at the Patent Office as Solicitor of Patents. There were few, if any persons acting in that capacity, who had so much business before the Patent Office, and there were none who conducted it with more skill fidelity and success. I regard Mr Eddy as one of the best informed and most skilful Patent Solicitors in the United States and have no hesitation in assuring inventors that they cannot employ a person more competent and trustworthy, and more capable of putting their applications in a form to secure for them an early and favorable consideration at the Patent Office

GREAT CURE FOR
DYSPEPSIA!
DR. J. S. HOUGHTON'S

THE TRUE
DIGESTIVE FLUID,
OR
GASTRIC FLUID.

Prepared from RENNET, of the fourth STOMACH OF THE OX after directions of BARON LIEBIG the great Physiological Chemist, by J S HOUGHTON, M D, Philadelphia Pa

"DIGESTER" such is the true meaning of word PEPSIN. It is the chief element, or Great Digesting Principle of the Gastric Juice—the Solvent of the Food the Purifying Preserving and Stimulating Agent of the Stomach and Intestines. It is extracted from the Digestive Stomach of the Ox thus forming a TRUE DIGESTIVE FLUID, precisely like the natural Gastric Juice in its Chemical powers and furnishing a complete and perfect substitute for it.

This is NATURE'S OWN REMEDY for an unhealthy Stomach. No art of man can equal its curative powers. It contains no ALCOHOL, BITTERS, ACIDS or NAUSEOUS DRUGS. It is extremely agreeable to the taste and may be taken by the most feeble patients who cannot eat a water cracker without acute distress. Beware of DRUGGED IMITATIONS. Pepsin is NOT A DRUG

Half a teaspoonful of Pepsin infused in water, will digest or dissolve Five Pounds of Roast Beef in about [t]wo hours, out of the Stomach

SCIENTIFIC EVIDENCE

☞ The Scientific Evidence upon which this remedy is based is in the highest degree Curious and Remarkable. THE GREAT REMEDY FOR

Coughs, Colds and Consumptions.

THE VEGETABLE PULMONARY BALSAM FOR COUGHS, COLDS & CONSUMPTION

The *VEGETABLE PULMONARY BALSAM* has probably without [illegible] [f]or more than *twenty five years*, fully maintained the high reputation which it has acquired for CONSUMPTIVE COMPLAINTS and all DISEASES of the LUNGS, THROAT and CHEST. It has been used with probably greater success than any other article [illegible] who have had an opportunity of witnessing its highly salutary effect recommend it as a safe and very efficacious medicine equal if not superior to any other prescription for the above complaints within their knowledge. The basis of this Medicine was a private recipe of a distinguished Physician in one of the neighboring States and was preserved by an individual to whom it gave the most astonishing relief. It is composed of vegetables, and if used according to directions must be perfectly safe

From Messrs Allen & Co, Cincinnati—"Those persons who have used the Vegetable Pulmonary Balsam uniformly speak of it as a valuable medicine, and from the quantity sold notwithstanding the numerous other preparations used for similar complaints, we consider it first on the list

Respectfully &c ALLEN & CO"

The Editor of the *Seneca Falls Courier* says—"We have had occasion to witness the good effect of the Vegetable Pulmonary Balsam in our family in case of a young lady who has been entirely cured of Consumption by the use of it and also in severe coughs and colds and cheerfully bear testimony to it being a safe convenient and very efficacious medicine in cases of that description"—Ed Courier

A Clergyman from Philadelphia writes, that he has been in the habit of using the Vegetable Pulmonary Balsam for himself and family for the last thirteen years and is used of recommending it to his friends, and considers it an invaluable remedy for all pulmonary complaints

"For the last five years of my practice I have had the satisfaction to witness the beneficial effects of Vegetable Pulmonary Balsam in many cases of obstinate cough and other affections of the lungs. I would therefore confidently recommend its use in all complaints of the chest as being equal if not superior to any other medicine within my knowledge

DR. MORSE'S INVIGORATING CORDIAL!

FOR GENITAL DEBILITY, IMPOTENCY, INCONTINANCE OR NOCTURNAL EMISSIONS, &c. The astonishing success which has attended this invaluable medicine, for *Loss of Muscular Energy, Physical Lassitude*, and *General Prostration*, or any of the consequences of youthful indiscretion or indulgence of the passion in riper years, renders it the most valuable preparation ever discovered. In fact as a remedy for the above complaints it stands unrivalled and alone. There is no other reliable remedy, or any that has authentically received the sanction of the Medical Faculty. The WONDERFUL VEGETABLE PRODUCTION of which this medicine is composed has been tested, and its virtues proclaimed by the highest names of the faculty of London, Paris, and the chief cities of Europe, as well as by eminent Physicians in this country. It is the only infallible remedy for NERVOUS, HEAD and MIND COMPLAINTS—the mental physic so long sought for and never before found, the only agent that can administer to MIND DISEASES. It will remove all nervous affections, DEPRESSION EXCITEMENT, incapacity to study or business, loss of MEMORY CONFUSION thoughts of Self Destruction, fear of insanity, &c. It will restore the appetite, renew the health of those who have destroyed it by Sensual Excesses, or evil practices. It has been said by some that these disorders emissions, &c, were incurable. This however is not the fact.

DR. MORSE'S INVIGORATING CORDIAL has, and is constantly curing these complaints—relieving the mental and bodily incapacity of the unfortunate sufferer, as the following testimony of the names received will conclusively show

Dr Woodward of the Massachusetts Insane Hospital writes of one of his patients being cured by using this cordial, thus—"It gives me pleasure to inform you that one of my patients while in Boston procured some of your Cordial. He tells me that he has not had a single emission since he commenced taking it while before he had two or three a week. When he applied to me says Dr W I thought it hardly possible for him ever to regain his full strength. I prescribed the usual medicine used in those cases in the hospital but they had no effect. In the meantime he purchased some of your Cordial, which has affected a cure I am sure no other medicine would. I shall ever recommend whenever an opportunity occurs"

The nature of the maladies relieved by this Cordial are generally such as to leave the publication of certificates of course out of the question and the proprietor could produce a host of the most conclusive testimony to show that the great reputation it enjoys was not accidentally obtained but is firmly based upon its positive and apparently miraculous virtues. In a direct [illegible] are to be found the happy parents of healthy offsprings, who would not have been so but for this extraordinary preparation. And it is equally potent for many diseases for which it is recommended

THE MEDICAL JOURNALS

have not in a single instance that has been authenticated given their sanction to any other preparation for the above complaints. It has, in many violent and desperate cases effected radical cures, after patients had been abandoned and their case pronounced hopeless by medical practitioners of high professional character

THE COMMON EXPRESSION

Of those who have used this Extract is—"I had heard your Cordial highly spoken of but was one of the incredulous in regard to its merits having tried various medicines sold for the same purpose (different Sarsaparillas) without deriving any benefit. I had already given up all hope of obtaining relief when I purchased some of your Cordial. I had no faith whatever of its benefiting me—but it has. I feel stronger have had no emissions since although it is not three weeks. I am satisfied the half a dozen bottles I took will cure me"

Another says—"I had consulted several distinguished physicians. Some said I could not be cured, others prescribed this thing and that, but I found no relief until I procured some of your Cordial. I must say it completely cured me"

Another says—"I was surprised at the effect your Cordial had [illegible] but I not heard of it before? It would have saved me so much expense, besides years of mental and bodily suffering"

CAUTION—Ask for Dr Morse's Cordial and take no other as there are worthless imitations which its unrivalled excellence fame and popularity have brought into the market. It will in effect the most delicate [illegible] [illegible] but do good. Beware of other Cordials, &c (and try this)

Notice. Persons contemplating physical inability from causes above named may confidentially consult Dr Morse personally or by letter (post paid) at his office 78 Sudbury street Boston. Then every advice and medicine for the speedy removal of such disability will be safely forwarded to the writer's address

Dr Morse is prepared to warrant a perfect cure in every case or take no pay

DR. POMROY'S Ophthalmic Ointment, OR EYE SALVE.

For the various diseases of the eyes and eyelids nothing has ever been discovered equal to this medicine. All those painful and unsightly diseases to which the eyes are subject yield to the effective ingredients of which it is compounded. Granulation of the Lids Inflammation and Ulceration of the Lachrymal Glands Humors, Sore Weakness of the eyes, Watery eyes Rheum whether acute or chronic, are entirely cured by it.

After a few applications the fever and soreness are removed the swelling subsides a fresh and healthy color takes the inflamed and irritated appearance the crusts caused by the discharges of the diseased surface falls off and the strength, health and beauty are restored

When once the lids and glands are in a healthy state the eyes, no longer suffering in sympathy with its surrounding parts, recovers its energies and is able to perform its important functions without weakness or pain.

This salve is a mild preparation, designed expressly to suit the extreme delicacy which forbid the use of powerful applications to the organs of vision. It may be used with entire safety in all cases, and seldom fails to cure. Many cases of Chronic Inflammation where the sight has been greatly impaired have been entirely cured by this simple application. It is believed that the salve has in no instance failed to benefit. All who have suffered with sore eyes know how painful it is to be obliged to exercise the sight long and steadily when they are diseased. They will hail with joy anything that brings a remedy. This Salve invariably soothes and comforts the aching pain and will in a vast majority of cases effect a radical cure. Affections of the optic nerve are more difficult to manage than those of the outer surface, but still by the use of this valuable salve, they are greatly relieved and often entirely cured

☞ This Salve is also recommended for Eruptions Chilblains Burns Cracked and Sore Lips Chapped Hands Scrofulous Sores Pimples about the Face Piles Ulcers &c
